PROJECTORS**

PA-100
100 Watts

PRICE

\$2775

Deluxe case available at slight extra cost.

Fine pictures deserve this precision-made projector to do them full justice. No fuzzy corners. So easy to work—put pictures in right side up, then dial to position. Ends up-side-down embarrassments. Note these

- Argus features:
- Tempered heat-absorbing glass guards film
 - Large air space between lamp house and slide protects transparencies
 - F3.5 Anastigmat lens; coated, color corrected
 - Durable, streamlined die-cast body
 - For slight extra cost a Film Strip Adapter is available for 35 mm or Bantam black and white.
